The earthquake of January 12, 2010 ...

one of the worst disasters ever in the Western hemisphere
wrought unspeakable damage and loss of life
to the poorest nation of the Western hemisphere.

Haiti's capital city, Port-au-Prince, has been devastated.
It is home to millions who fear they have no one to turn to,
no secure shelter, no medical care, no hope for the future..

Remember last quarter's challenge:

Today, America needs an army of modern day Wilberforces. It needs people
trained to convene their friends and neighbors and to facilitate gatherings of people
who have the character, the hope, and the passion needed to change the future course
of their neighborhoods, of their cities, towns, nation and even of the world."

From: www.thebetterhour.org

"In the end,
we will not
remember the
words of our
enemies, but
the silence of
our friends."

Martin Luther King, Jr.

Will you join our army ~ our "corps" ~ to help change the future for Haiti?

*Compassion Corps' TASK
Force meets quarterly to spur
one another on to impact our
world. All are welcome!
