

Short -Term Team Opportunities

"Every human being has a great, yet often unknown, gift to care, to be compassionate, to become present to the other, to listen, to hear and to receive. If that gift would be set free and made available, miracles would take place." (Henri Nouwen)

- Would you enjoy seeing new places & making a difference at the same time?
 - Do you enjoy working with your hands in construction, painting, or cleanup?
 - Can you knit, sew, crochet, do beading, or other handcrafts?
 - Are you a medical worker with a heart to care for others?
 - Do you love working with kids?

If you answered YES to any of the above questions, then how about considering a trip with Compassion Corps to the continent of Africa? It will be a life-changing adventure for you and a blessing to those with whom you go to work. You can use the talents & skill sets you have to affect the lives of many who desperately need what you can give....and the great thing is that it really isn't about being super qualified or super prepared. It's really about being super YOU - full of love & enthusiasm for your African neighbors! You will build bridges of friendship through camps, building projects, women's activities & medical clinics.

Miracles can happen, both big and small. On a recent medical trip into Mali, the Malian doctor who worked with our team told us that if more people like us would come to help, his people would not be so sick and in such need. Oh, how we long to make a difference in the lives of others.

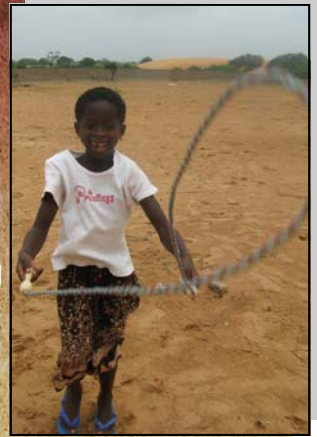

Opportunities abound in Morocco, Senegal, Mali (Timbuktu to be exact!), Liberia, & Tunisia. We need teachers to come and train Liberian teachers. We need physical & occupational therapists to spend time evaluating special needs children and helping their teachers learn techniques that will help them be more effective. We need people full of energy, creativity, & silliness to play games, act out skits, and do arts & crafts with 300-400 kids at summer camps. We need ladies who enjoy socializing with other women over a cup of tea or a handcraft. We need able bodied folks who will put their energy into cleaning, demolishing, building or painting ...whatever a construction project might require.

Most of all, we just need adults & kids, the young and the young at heart, to travel with us with loving hearts, willing hands, & flexible spirits in tow. And the promise is this....you will change the lives of the people whom you've gone to help, BUT your life will be changed as well.

Henri Nouwen in his book, Here and Now, says, "The joy that compassion brings is one of the best kept secrets of humanity." At Compassion Corps we've discovered the secret and invite you to find it, too!

If you're interested, please contact Beth McMillen, short terms coordinator, at:
fortheirsake@gmail.com.

Let us know the country in which you might be interested and what time frame works best for you. We'll contact you to discuss possibilities. ***Let's make some miracles happen!***
